

W 101

Code No.: T0056104699N

Benefits

- > 100 W, 230 V
- > Complete with soldering tip CT6 E7 and safety rest
- > Magnastat controlled

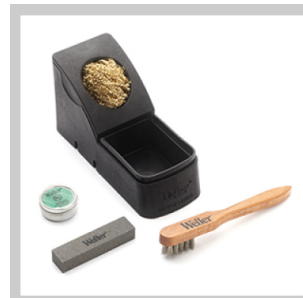

In addition we recommend:

Fume extraction devices

Preheating plates

Cleaning Consumables

Soldering Tips

Technical Data

Active Tip Heating element technology	---
Power Response Heating element technology	---
Silver Line Heating element technology	---
Voltage	230 V AC
Heating output	100 W
Tip family	CT6 (LT, PT)
Power unit	---
WX compatible	---
Temperature range °C	370°C
Temperature range °F	698°F
Heat-up time	tbd
Safety rest	---
Safety rest (optional)	---
Barrel	---
Integrated tip extraction	---
