ESD Safety

ESD Brush Type Toothbrush Length 16cm

SKU: BR000002

Description

Anti-static brushes provide manufacturers of electronics and static charge sensitive products the tools for cleaning and manufacturing that do not create static charges. A variety of anti-static brushes have been assembled over the years to meet the variety of needs associated with ESD buildup. General applications for anti-static brushes are: applying, Pushing, Removing, Cleaning, Spreading, or acting as a Barrier.
