

DATASHEET

Cleanroom PCB Holder L-Style Balck
SKU: MR000001

Description

Anti-static ESD-safe storage solutions provide effective anti-static protection for sensitive equipment. Anything that contains electronic components you need to use ESD solutions to store products, spare parts, tools and much more. ESD Storage cabinets are vertically stackable. Our ESD-storage products are including ESD Storage Bins, ESD Accessories, ESD Toolboxes, ESD Cabinets, ESD Boxes and ESD storage systems. Our ESD Storage solutions comply with both the EN 61340-5-1 standard and all other international requirements. All ESD bins and ESD safe suitcases we have in stock are manufactured from ESD safe materials. Their anti-static properties last forever.

ESD Printed Circuit Board Holders.
ESD Circulation Rack.

Design:	L-Style
25-35 PCB's	can be stored
Dimensions:	480 x 140 x 35mm
