

DATASHEET

Tacky Mat Frame

Description:

These frames provide a uniform, effective base for adhering tack mats securely, while permitting easy removal of the last sheet. They also enhance the appearance of mats. Frames are held in place by a non-skid base.

The frames consist of a sloping 3" (76mm) anodized aluminium edge, with an additional 1" (25mm) inner edge which the mat sits on within the frame. A plastic base is permanently secured for rigidity and performance.

Mat frames are available for all sizes of tack mats; the width and length are each 6" (152mm) greater than those of the corresponding sticky mat. Overall height is 0.625" (16mm).

Specifications:

- Requires no maintenance
- Pre-assembled, ready to use
- Non-skid base
- Available in a variety of sizes

Product Code:	Description:	Size:	Additional Notes:
