**DISPOSABLE CLEANROOM LABCOAT**

SKU: 068-0009

**PRODUCT INFORMATION**

This disposable labcoat products are designed and manufactured to meet the stringent demands of the cleanroom industry. Manufactured from a lightweight, low linting material, our products provide excellent comfort, breath-ability and water vapour transmission rates. Our products are CE marked to PPE Standard Category 3, offering a cost-effective option for your disposable apparel requirements. This lab coat can be sterilised by gamma irradiation and would, therefore, meet ISO 6 EU GMP Grade A requirements.

**FEATURES**

- Ultra-low linting levels
- Spun-bound polypropylene
- Extremely breathable
- Superior protection, elasticated cuffs and zip closure
- Cleanroom compatible
