ESD Striped Dotted Palm Fingers Gloves

ESD Dotted, low-cost static dissipative gloves with dotted palm and fingers provide good dexterity and grip. They are ideal for all assembly and packing processes. ESD safe gloves are manufactured from an elastic, non-bright processed fabric containing a continuous filament knitted with a carbon core.

- * Palm: PVC embossed and %100 cotton lining
- * Back: %100 polyester with conductive carbon line every 10mm

FEATURES & BENEFITS

- PVC dotted palm and fingers provide enhanced grip
- Delicate round tip finishing to maintain dexterity
- Surface resistivity: 10^{10} ohms sq
- PVC embossed palm with %100 cotton lining provides excellent sweat absorbency for user comfort
- The %100 polyester back features a conductive carbon line every 10mm
- Available in S, M, L and XL
