

## DATASHEET

### PINK ESD BAGS ZIP LOCK

SKU: B40000XX

## PRODUCT INFORMATION

Pink Antistatic Bags with Zip Lock have the ability to dissipate a static charge to ground preventing static charge building up on the package or device. The material will not charge up when rubbed against other materials. These bags can be used to safely package the non-ESD sensitive devices within an ESD protected area. The lock feature enables the contents to be quickly and easily sealed.

These bags have no shielding ability, that means a static field or discharge occurring outside the bag could penetrate the bag and damage electronics inside. For static shielding protection, Static Shielding Bags are recommended.

## FEATURES & BENEFITS

- Blow-moulded with anti static additives from LDPE and LLDPE
- Surface resistance of  $10^8$ - $10^{11}\Omega$
- Static release time is <2 secs
- Pack of 100 pieces
- Soft texture and flexible
- Visual identification of the items being stored
- 300 gauge thickness

## DATASHEET

Article No.	Description	Size (mm)	Size (inch)	Qty. (per pack)
