

Model # WLACCWSM1-02

SOLDERING WORK STATION MAT, LARGE

Surface Protection

Silicone soldering mat protects your workspace from burns by resisting temperatures as high as 570°F / 300°C.

Anti-Slip

Work safely and more effectively with the anti-slip, silicone soldering mat.

Clean & Tidy Workspace

Maintain a clean and organized soldering work environment. Ensure no small parts or tools are lost with individual compartments and placement slots for efficient organization. Silicone soldering mat includes a built-in ruler and four magnetic areas for secure storage.

Size Large

21.5in x 13.75in
546,1mm x 349,3mm
