ESD Workstation Kit

ESD workstation kit has the equipment needed to create a static controlled workspace or environment. Featuring highquality Antistat products, the kit enables you to stop any unnecessary damage to delicate electronic components or devices. It is perfect for repairs on electrical items such as laptops, tablets, PCBs, computer parts, medical equipment and audio devices etc.

FEATURES & BENEFITS:

- Reflection breaking surface to reduce glare and improve operator comfort
- Prevention of sliding of delicate components thanks to excellent friction coefficient
- Suitable for loose laying: does not require application with adhesive
- Good resistance to scratches and excellent flexibility and comfort

SCOPE OF SUPPLY :

- 1 x blue ESD mat (600mm x 1200mm) with 10mm stud in each corner | M2000B12
- 1 x ESD protected area sign | 055-0007
- 1 x earth bonding plug | AE000003
- 1 x 10mm anti allergenic, adjustable, fabric wrist strap | W0000012
- 1 x coiled earth lead with 10mm stud to banana | W0000032
