### ESD SUPERIOR 1 CHAIR, CASTERS 520-650MM

An antistatic upholstered armchair characterized by its comfortably seat made of high-resilience foam. Profiled backrest and seat have height and angle adjustment possibilities, thanks to a gas column and synchro mechanism. In standard, chair is equipped with a five-branch aluminum base that ensures high stability and unfailing removal of electrostatic charges. And castors RS-KCZ/K1 coated with conductive rubber, preventing scratching of the floor.

#### TECHNICAL SPECIFICATION:

PRODUCT CODE	Description
Resistance to groundable point $R_G$	$10^6 - 10^9$ Ohm
Seat and backrest resistance point to point $R_P$	$10^5 - 10^6$ Ohm
Seat height adjustment range [mm]	520 - 650
Seat size [mm]	450 - 510
Backrest size [mm]	480 - 560
Backrest size [mm]	EN 61340-5-1, PN-EN 1335-1 2004, PN-EN 1335-2 2009, PN-EN 1335-3 2009, PN-EN 1022:2007

#### ACCESSORIES :

SKU: RS-KCZ/K1  
Conductive wheel  
with tyre

SKU: RS-KCZ/K5  
Metal wheel

SKU: RS-KCZ/K7  
Conductive glide

SKU: RS-KPESD  
Foot ring

SKU: RS-KZESD/P  
PU armset
