ESD Heel Grounder, Black, 1Mohm, Rubber Clip

A durable ESD Heel Strap Grounder that includes a simple clip fastener for ease of use. The heel strap is designed to ensure continuous ESD protection and long-term use. The clip fastener is a convenient alternative to a hook and loop strap with its quick open and close function. Durable, reusable, and available from stock.

FEATURES & BENEFITS:

Reinforced heel strap

Resistivity: 106 Ohm
