

**PRODUCT**

# Bandolier Brass Shims

## TECHNICAL DATASHEET

**DESCRIPTION**

Bandolier Brass Shims are non-adhesive pure brass shims providing a secure and reliable connection when joining together splice carrier tape.

Quick and easy to use they can help to increase production and can be used on all SMT pick and place feeders. Single brass shims provide a safe and reliable way to join reels together ensuring a precise secure join between the two tapes.

Used with our Semi-Automatic Splice Tool eliminates the handling of individual shims making splicing up to 10 times faster.

**FEATURES**

- Increases SMT pick and place machine output
- Quantity 4,000 per box in carriers of 20 shims
- Resistant to corrosion and rust

PRODUCT CODE	DESCRIPTION	QUANTITY
029-1044	Bandolier Brass Shims	4,000 per box
